THE OLD JUDGE SAYS...

BEN: "Judge, some roasting ears would go good with these fish, wouldn't they?"

OLD JUDGE: "Wish we'd thought to bring some along, Ben. That reminds me. You've got a nice field of corn this year. Feeding much livestock?"

BEN: "More than ever, Judge. By using distillers' dried grains I've been able to stretch my corn about 20 percent farther and fatten my stock much faster to boot. When I hear some folks saying distillers' waste grain, I set them straight every time."

OLD JUDGE: "So do I, Ben. As a matter of fact, all the distiller does is remove from the grain only the starch. He recovers about one-third of the grain in the form of stillage that's rich in vitamins and proteins. Returned to the farmer as distillers' dried concentrate, it's far more nutritious than the original grain."

BEN: "I've certainly found that out from actual experience. Sure wish we could get more of those distillers' dried grains."

THANK YOU

for waiting for delivery of your

NEW CHEVROLET

We are doing our best to see that you get your new car as quickly as possible

We want to thank our customers for their patience while awaiting delivery of Chevrolets.

We know it is a hardship to be without needed transportation; but we are sure you will understand that every Chevrolet, are as eager to deliver as you are to obtain them. Unfortunately, production so far this year is below expectations. Chevrolet Motor Division sums up the situation thus:

"Even though our rate of production normally exceeds that of any other manufacturer, we have been unable to build, up to July 1, only 12.4 per cent as many cars as we had built up to that date in 1941. Production has been far below normal, because of frequent shortages of essential materials and parts. Strike after strike in plants of our suppliers has seriously impeded our progress toward full production, and the cumulative effect severely hampers even the manufacturing and assembly of cars. By June we were able to build only 29.2 per cent as many cars as were produced in the same month in 1941."

While production is restricted in proportion—are shipments of cars. As production increases, we expect to get a better share of getting our proportionate share of the total—and as quickly as cars are available we will speed deliveries to our customers.

Remember—Our CAR-SERVICE is your best CAR-SAVER. Keep your present car "alive" until you get delivery of your new Chevrolet by bringing it to us for skilled service now and at regular intervals.

How women and girls may get wanted relief from functional periodic pain

Cardui is a liquid medicine which many women say has brought relief from the cramp-like agony and nervous strain of functional periodic distress. Here's how it may help:

1 Taken like a tonic, it should stimulate appetite, aid digestion, help build up resistance for the "time" to come.

2 Started 3 days before "your time", it should help relieve pain due to purely functional periodic causes.

Try Cardui. If it helps, you'll be glad you did.

AMOCO

AMERICAN OIL COMPANY

The Life of Riley

(Mrs., that is!)

BREAKFAST early, batter to mix: cooking, cleaning, supper at six! Washing, ironing, rinse and rub; dishes, laundry, scour and scrub! Mending, sewing, run up a seam; company for dinner — make ice cream!

The "life of Riley" is anything but for MRS. Riley! But that's all in the past since she discovered that perfect servant — Reddy Kilowatt. The servant that's always on the job. Never late. Never tired. And the more work, the less pay!

Reddy Kilowatt does many of Mrs. Riley's most irksome tasks quickly, efficiently, safely, and economically. And as new appliances become more abundantly available, soon, he will be "Reddy" to make the life of Mrs. Riley an even happier one!
